DISCUSSION QUESTIONS

- **Read Psalm 30:5-12.** God's favor is for life. God gives us favor so we can turn around and praise him for it. There are situations in our lives that we cannot explain because God's favor was over your life. God won't let you go down because then you can't praise him. And when you praise it gives God the ability to come near you. ***In your darkest moments did you see any of God's favor? Where do you think you would be right now if it wasn't for the favor of God?***

- Every morning we need to wake up knowing we have the favor of God. Favor is a lifestyle. God is the God of favor. God is the God of the miraculous. God will step in and interrupt your life with a blessing that you didn't speak into your life. God will use favor to give you advantages. God will show you favor just because he wanted to. Every room you walk in, raise your head high because you are walking in with preferential treatment. **Has there been a blessing that came over your life without even asking God? What does it look like to walk into a room with Gods favor?**
- Favor gets on other peoples nerves but that can't stop you from stepping into the favor of God. When we talk about favor we might think it's too "churchy" so we don't mention it. However, you need to get beyond a thought process and get up and step in an act of faith. You first have to embrace favor because it's difficult to walk in what you don't think is true. **Do you truly, 100% believe that God's favor is over your life? How can you get beyond what's too "churchy" and embrace what the Lord wants to do in your life?**
- **Read Luke 5:1-7.** Peter and the disciples were fishing all night and were about to stop because they never caught anything. Then Jesus said cast your nets again and they caught too much fish. Esther was debating about confronting the king because it meant death, but God gave her courage to step into the room. What if God's greatest favor comes into your life in the time that you're considering to stop? **Have you ever wanted to stop believing in God because you didn't results? What's the worst that would happen if you keep going?**

OUR CHALLENGE

This week, your challenge is to live in the favor of God. If you have been waiting for something to happen, make it happen with God's favor. You have the favor to get that job, promotion and dream you have always wanted. Now make it happen!
