DISCUSSION QUESTIONS

- Just because you can't see something doesn't mean that it's not there. The heavenly realm that you cannot see is more real than the chair you are sitting on right now. **Read 2 Corinthians 4:18.** God is saying don't concentrate on the things that are temporary because they are subject to change. You've got to learn to be on this earth and operate in a realm you cannot see. You can change your temporary situations as long as you can reach into the spiritual realm. **How far do you think the spiritual realm is? Do you believe your prayers can change things in the spiritual realm?**

- **Read Genesis 1:7.** In the beginning when God created the earth everything but one area was blessed. When God created the “firmament” he didn’t say, “and it was good” he said, “and it was so”. The firmament was an area where God knew there would be future rebellion from the angel Lucifer. When Lucifer was cast out he was renamed satan and became the prince of the power of the air. Satan is not in hell but ruling the air therefore our enemy is not below us but above us. ***Knowing that satan is not below us but above us, how does this change the way we fight him? How do I change my language with those that I am fighting against?***
- Because satan is ruling the air he hears your prayers and hates that you go to God with your needs. **Read Philippians 4:19.** You already have all your needs but satan with his army and organization is stopping your prayers from being answered. God wants us to believe not when the prayer is answered but the moment we pray for it. God is not playing keep away and likes to frustrate you; he answered it the moment you prayed for it. The prince of the air detains your answered prayer and that’s when the battle begins. That is why you need to make a sound then the fighters will come and fight for you. ***Do you truly believe ALL your needs have been met? How can you change the way you pray knowing God has answered your prayers the moment you open your mouth?***
- There are 3 levels of praise that the Bible talks about; the first one is praise that silences the enemy. Satan is the father of lies and your biggest enemy is not right in front of you but between your ears. The second level cripples the enemy. This is where no weapon formed shall prosper against you. And the third level is **the shout!** This is where we praise with EVERYTHING we have. ***Why are we louder at outside events than the church? What keeps you from being loud and shouting in the church?***
